

FEEDER

FIBER TUBE DISPENSER

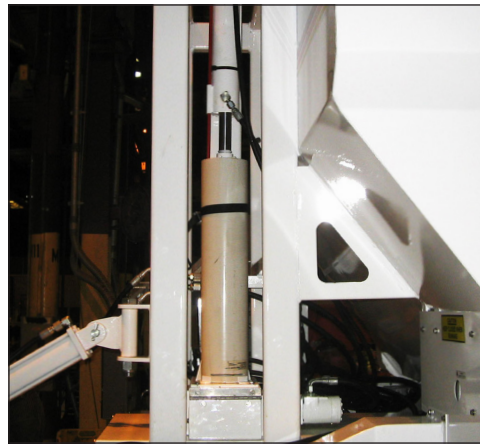

10 lb (4.5 kg), 25 lb (11.4 kg), 40 lb (18.2 kg)

The Nycon Fiber Tube is a handy, easy-to-use, field-proven, proprietary fiber dispenser*. Our Fiber Tube can include most all Nycon fibers as well as other additives used with fiber feeder units on volumetric concrete delivery trucks. The Fiber Tube minimizes fiber handling and improves dosing accuracy for continuous units.

*Protected by US Patent #6,554,465 - other U.S. and foreign patents pending

Tube shown with top cap removed.
